Artiqa by Kaya

Non-Invasive Body
Contouring

Advanced Aesthetic
Science for Targeted
Fat Reduction

What is Artiqā Body Contouring?

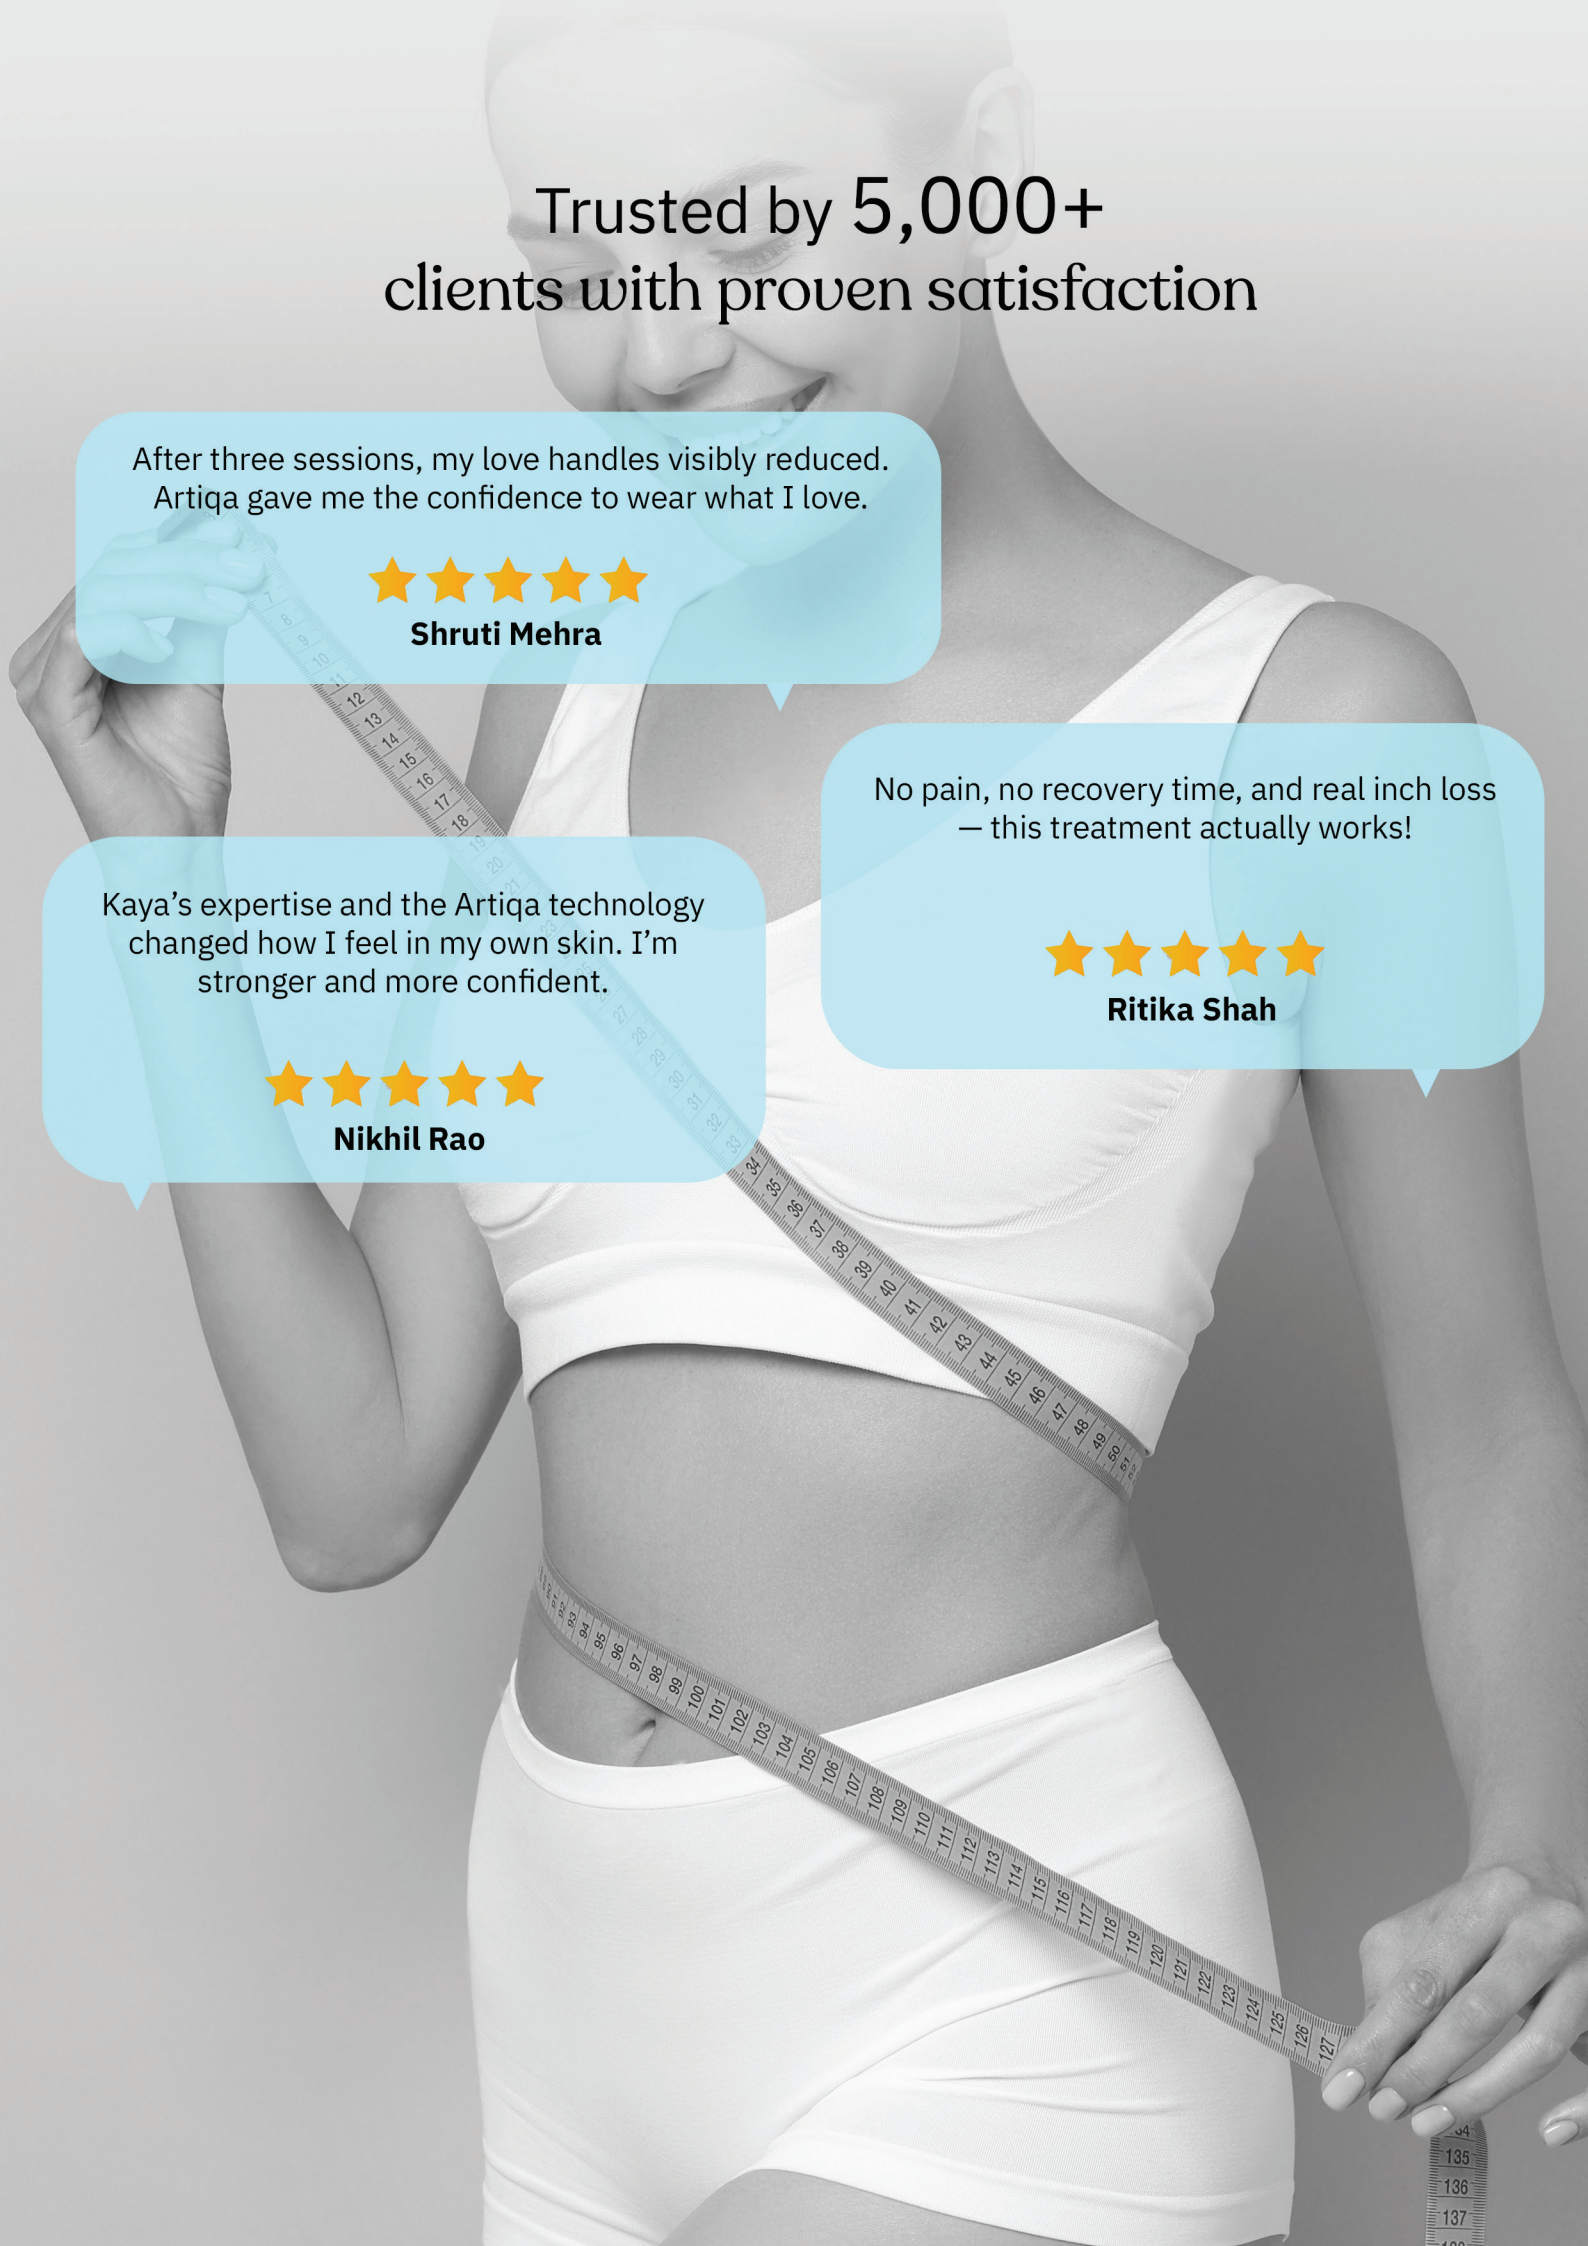

Cavitation to eliminate fat cells and tighten the skin — all without needles, cuts, or recovery time. Each session is tailored by Kaya dermatologists to target areas like the abdomen, thighs, arms, and flanks, helping you achieve a leaner, more defined silhouette over time.

Benefits of Artiq Body Contouring

- Targets Stubborn Fat Deposits Precisely
- Non-Invasive & Pain-Free Technology
- Clinically Tested with Visible Inch Loss
- No Downtime, No Scars
- Designed & Supervised by Expert Dermatologists

Trusted by 5,000+
clients with proven satisfaction

After three sessions, my love handles visibly reduced.
Artiqa gave me the confidence to wear what I love.

Shruti Mehra

No pain, no recovery time, and real inch loss
— this treatment actually works!

Ritika Shah

Kaya's expertise and the Artiqa technology
changed how I feel in my own skin. I'm
stronger and more confident.
